OPEN UP YOUR WORLD

Ask anyone what changes they want in their home would make them happiest. And most probably they'll say "I need some More Space!". In fact, the real thing is they want some enhanced and more storage space in their room.

It's basically a common problem for 21st century living - how to manage the stuff we have? Where to store children's toys, our clothes, lots of files and other important paperwork piling up here and there? Nor are these trifling issues. Our surrounding and environment near to us directly impact on our mood and happiness. So no doubt our home is the only place in entire world where we can truly chill out and relax; a serene place to live, free from clutter, confusion and mess.

There is a solution to this problem of space, and it doesn't demand that you downsize (or upsize), it doesn't require you to de-clutter or throw out beloved possessions (although you can do that too). It simply makes the most of the storage space that your home already has... and you didn't know was there.

It's beautifully fitted storage from *DkOr Designs*

Call 9643272829 today and arrange your free design consultation. And don't worry, there's no obligation whatsoever.

NOT ALL STORAGE IS CREATED EQUAL

In the world of modular wardrobes design, all too often it's a case of style over substance. Not so with *DkOr Wardrobes*. You see, we create beautifully engineered wardrobes, which not only perform flawlessly but are also exquisite to look at. Whether it's for a living area, home office, bathroom or bedroom, each one of the *DkOr Wardrobe* is individually designed with the single purpose of maximising the amount of storage space in your home, in a style that will delight you.

How do we do it? Well, the secret's in our name – *DkOr*obes. Unlike others, our slider wardrobe doors make the most efficient and ergonomic use of space, and don't eat into precious space by opening outwards. Then of course, there's our scrupulous attention to detail, so that every available piece of space is fully maximised, even for awkward spaces, such as space under stairs and lofts.

Find out why DkOr Wardrobes is one of the best investments you could make in your home. Call 9643272829 to discuss how we can enhance your storage, or visit one of our showrooms to see what we can do to transform your space and your home.

WHY CHOOSE

DkOrobes

Look at it this way. Installing DkOr Wardrobes is not only a wise way to invest in the value of your home, it is also one of the most generous gifts you could bestow on your family. That's because with DkOr Wardrobes, you have the opportunity to create the relaxed, clutter-free home you have always wanted and to do so with style and distinction.

SIMPLY THE BEST WARDROBES

We believe that DkOr Designs are the best wardrobes designers in the Delhi - NCR. That's no idle claim. It's a reputation we've worked hard to achieve and we work equally hard to sustain it.

We've achieved this by making it simple for our customers to do business with us, by being respectful of their time, listening to what they want and doing our absolute best to deliver it perfectly.

This means we pay rigorous attention to the needs of our customers. It means we use quality materials throughout. And it means we employ absolute care and attention to the design, manufacture and installation of every unit we install.

It also means we bring all of this to you at prices that are fair and reflect excellent value for money.

How to Buy

USEFUL INFORMATION

Our Promises to You

We understand that when it comes to transforming the space in your home, you want a storage solution that is stylish, practical and good value. And you want a buying process that is straightforward, transparent and hassle-free. That's why, for most of our customers, buying their DkOr modular wardrobes and storage follows four logical steps.

1. GET AN IDEA OF PRICE:		If you have some idea of what you want, and if you know the measurements of the storage space available, we can give an approximate price over the phone 9643272829, or in the showroom.
2. GET SOME DESIGN INSPIRATION		To see our full range of options, colours and finishes, visit our showroom, see our website, or call us to talk to a designer 9643272829
3. BOOK A FREE DESIGN APPOINTMENT		At the agreed date and time, our designer will survey your room and discuss your exact storage requirements. They will then give you an exact price. To book a design appointment simply call 9643272829, phone your local showroom or request online at http://dkor.in/ and we will phone you back.
4. ORDER YOUR DkOr WARDROBES		To proceed with the agreed DkOr Wardrobe furniture and price, simply sign up to what has been decided, pay a deposit, and, if appropriate, complete the finance forms. Within a couple of days your local showroom will contact you to arrange a fitting date.
5. DELIVERY & FITTING		Your fitter will install your fitted wardrobe on the agreed date. This will normally be complete by late afternoon. When the fitter is finished, you will then be asked to check the unit, and pay the balance of the account.

Here are five good reasons why you should purchase from us:

We provide a good, old-fashioned service, so you can relax and enjoy being looked after

We don't go in for a hard sell, and with a product this good, that's hardly surprising.

Your time is precious. So is ours. That's why we will always keep appointments and turn up when we say we will. You can expect nothing less from DkOr Wardrobes people.

We will treat you, your time and your property with the respect you'd expect from DkOr Wardrobes.

We strive to get things right first time. But should we ever fall short, you'll be delighted by how efficiently we put it right.
